FULL MOON IN SCORPIO

A full moon occurs when the Sun is opposite the Moon.

Scorpio is ruled by **Mars** and **Pluto**, represents shared resources, sex/intimacy, and regeneration. **Taurus** is ruled by **Venus**, represents personal resources, finances, values, and self-worth.

With the **Sun** in **Taurus** and the **Moon** in **Scorpio**, we'll be investigating how to find balance in the way we give and receive our resources (*time, money, energy, possessions*) to create harmonious & mutually beneficial exchanges.

7° = Libra deg (*partnerships, contracts, balance, harmony, luxury*)

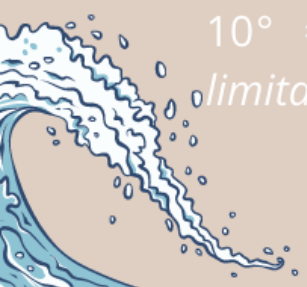

FULL MOON IN SCORPIO

Moon in Scorpio **oppose** Uranus in Taurus

- It's time to take a **break** from your regular routine and **shake things up** a bit! If you've been wanting to do something new, here's a chance to change it up. Maybe you want to try a **new hairstyle**, buy something new for your **wardrobe**. Whatever it is that's calling you, be sure that it is something you will be fine with in the long run.

Spontaneity *isn't* always impulsive. Take a second to consider your options and listen to your gut before proceeding.

10° = Capricorn Degree (long-term, ambitions, structures, limitations)

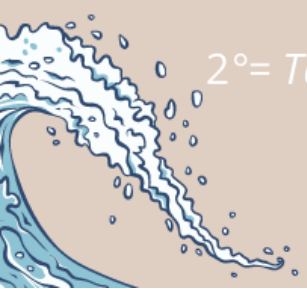

FULL MOON IN SCORPIO

Moon in Scorpio Trine Mars in Cancer

- You're ready to **stand up** as a leader in some way. Allow the energy of excitement to lead you towards your goals. **Mars isn't happy in Cancer**, but the energy is **neutralized** as Mars and the Moon are in each other's ruling sign. **Water signs** are intuitive and psychic.

Tap into your **inner wisdom and knowledge** for signs on how to get started or to take more steps in **solidifying** your role as the leader of your life.

2°= Taurus Degree (stable, grounded, determined, profit)

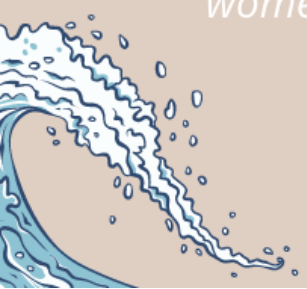

FULL MOON IN SCORPIO

Venus in Taurus conjunct Mercury in Taurus

- You're probably feeling extra **giving and loving** with this energy. **Venus** is at home in **Taurus** and she knows what she wants and will *not* **settle** for less. Speak extra **sweetly** to yourself, of course.

When your cup is full, you can give from a place of **overflow**. Take advantage of this energy to really enjoy all the **beauty** around you--- small and big.

16° = Cancer Degree (nurturing, home, family, motherhood, women, the public)

FULL MOON IN SCORPIO

Saturn in Aquarius **trine** North Node in Gemini

- Take **responsibility** for your future. In some cases, you are **close** to the finish line with at least one of the steps. The journey ahead will require **patience** but know that any **delays or re-routing** are for your highest good.

It's always helpful to gain a fresh new **perspective** as you **close up** the current stage you are in. Remember, if you can see it, you *can* have it. It's all about your **belief and trust/faith**.

12° = Pisces Degree (spirituality, compassion, imagination, dreams)

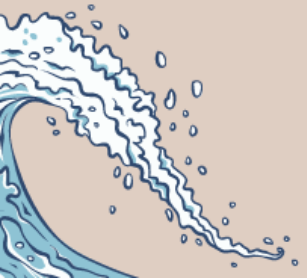

FULL MOON IN SCORPIO

NOTE:

Pluto is going retrograde in the sign of **Capricorn** from April 27th until Oct. 6th. During this time, we'll be reviewing themes around our relationship around **power and control** on a personal and global level.

(Check to see where you have Capricorn in your birth chart for the themes)

- Where and how have I been giving up my power? What patterns have I noticed have repeated themselves in regards to this?
- What am I afraid of letting go of? Why?

FULL MOON IN SCORPIO

- How can I strengthen my relationship with my belief and faith in myself?
- How can I manage my resources (*time, energy, possessions, money, knowledge, talents*) in a more balanced way?
- Who or what can I add to my support system to hold me accountable?

AFFIRMATION:

I am worthy and deserving of all my blessings.

I am supported by my ancestors and guides. I do not need the approval of others.

FULL MOON IN SCORPIO

You don't have to know all the answers, but opening yourself up to pondering these types of questions will **allow** you to experience the answers. Through the experience, you'll learn the answers and will begin to **integrate** them into your life over time.

If you feel called, please share, save, and like this post!

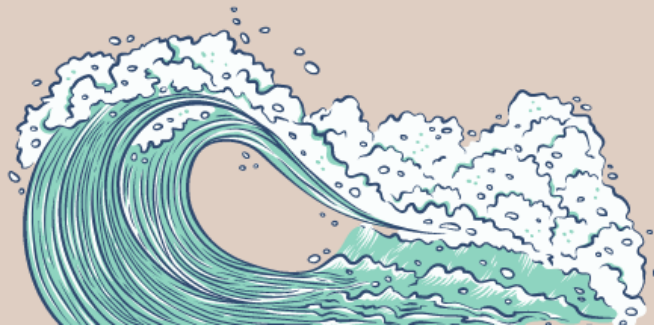

My wish is that this helps you navigate the next 2 weeks and the rest of the year with more clarity and self-awareness.

Additional Message:

Whew! I mean, look at that imagery! We got **double Plutonian** energy going on with Pluto going retrograde within hours after the Full Moon in Scorpio.

There's an emphasis on stepping into our **personal power** by **releasing** old ways of doing, seeing, and being. Taking risks reminds me of **Uranus** and **the Fool** card in Tarot. If you don't take the **leap of faith** to show up for yourself in the most **authentic** way, how else do you expect to see the **change** you seek?

Expect it to be even better than you think!
