NEW MOON IN ARIES

Aries, ruled by **Mars**, the planet of raw energy and passion, initiation, and willpower. When the **Sun** is **conjunct Moon** in **Aries**, we may feel **impulsive**, **driven** by the spark of **inspiration**. The energy of **act now, ask questions later**. There's a stellium, more than 3 personal planets, in Aries right now so things are **hot and spicy**.

The best way forward with this energy is to be **mindful** of your energy so that it doesn't spill out in all directions **burning** others and yourself in the process.

It's a fresh new energy; use it to get things rolling!

22° = Capricorn deg (CRITICAL: ambition, legacy, reputation, hard-work)

NEW MOON IN ARIES

Sun/Moon in Aries **sextile** Mars in Gemini

- **Sextiles** have the energy of harmony and ease, but you have to **do the work**. Needs and wants are aligned, ready to **take action**, all you have to do is take the steps necessary to **manifest the inspiration** you are getting. Those ideas cannot materialize on their own. Set the stage, have some fun in the process and **detach** from the outcome.

Come **Taurus** season, you'll be able to **solidify** it more easily for the long-term.

23° = Aquarius Degree (innovation, community, detachment, logic, internet, technology)

NEW MOON IN ARIES

Venus/Moon in Aries square Pluto in Capricorn

- **Venus** makes an exact square to **Pluto** and the **moon** will follow soon after. There's an important **transformation** happening on a **soul level** with our emotions, inner-most needs, and relationships of all kinds, especially with **ourselves**. We will be called to commit to the fresh **new slate** we are given. Use what you've learned and the **guidance** you have received to begin **creating** the landscape you desire.

You are responsible for your happiness.

26° = Taurus Degree (stability, beauty, values, self-worth)

NEW MOON IN ARIES

Mercury in Aries **trine** South Node in Sagittarius

- There's an **emphasis** on needing to look at our **beliefs** and see how we can be more **adaptable** as we proceed forward. It's okay to **change your mind** when introduced new information. We can receive **past-life** information/confirmation at this time. Your spiritual team will be sending messages also.

We are to rely on our **faith** and trusting the **wisdom** around us to begin to **process** the thoughts we have been receiving.

13° = Aries Degree (*initiate, pioneer, headstrong, inspiration*)

NEW MOON IN ARIES

Saturn in Aquarius Trine North Node in Gemini

- The nodes are meeting up with Saturn in a harmonious aspect which is a **focused** energy. Moving forward requires us to **be patient** as we align with a **community of like-minds** by being our most authentic selves. Don't **limit** yourself out of fear. You'll only **stunt** your growth.

Be **uniquely** and **unapologetically** YOU.
Allow yourself to meditate on what that looks and feels like.

12°= Pisces Degree (dream, nostalgia, illusion, subconscious healing)

NEW MOON IN ARIES

- What **downloads/messages** have been on **repeat** in my mind these **last 2 weeks**?
- What **intentions** am I setting for this astrological new year?
(April showers bring May flowers...)
- How am I being called to **stand in my power** at this time?
- What ideas/projects am I looking to **commit to** & **develop** in the next **6 months**?

NEW MOON IN ARIES

- What **steps** can I take at this time to set the stage for the ideas/projects I want to **materialize**?
- What kind of **environment** do I need in order to show up as my **highest and best self**? What does this include?
- How will I hold myself **accountable** to stay focused on the goals at hand? How will I **delegate** tasks?

AFFIRMATION:

I embrace my uniqueness **unapologetically** knowing it is **safe** for me to be ME and in doing so, I will **connect** with like-minds who truly **accept** me for me.

NEW MOON IN ARIES

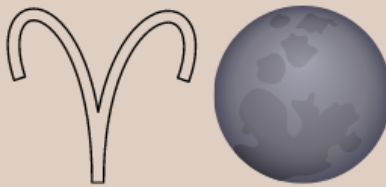

You don't have to know all the answers, but opening yourself up to pondering these types of questions will **allow** you to experience the answers. Through the experience, you'll learn the answers and will begin to **integrate** them into your life over time.

If you feel called, please share, save, and like this post!

My wish is that this helps you navigate the next 2 weeks and the rest of the year with more clarity and self-awareness.

Additional Message:

You have to **trust your gut**. It's time to **separate** from the pack and venture out on your **own** path. It does not mean you have to do it all alone, but you cannot **depend** on others to show you the way. Look within, **listen** to your **inner voice**.

What is the next **best** step you can take?

More than likely you've been in a **similar situation** like this before. What can you use from your own experiences to help **strengthen** your **confidence**?
